

Nondegree-Granting Proprietary Trade Schools

Nondegree-granting proprietary trade schools are privately owned and provide a wide range of certificate or diploma programs that vary in length from 2 to 24 months. Although some schools offer programs which culminate in a degree, the schools listed in this section do not. Proprietary schools may specialize in only one area of study or provide courses ranging from beautician to medical assistant training.

Schools that provide information about their financial aid programs are subdivided by their areas of specialty—
Cosmetology and Hairdressing and Nursing and Radiology.
